

Tuesday July 12, 2011

Maureen went to Nithview for a meeting with the Staff about Mom Warner's care. Mom was much more alert today and she is starting to adjust to her move from the Retirement Home.

In the afternoon Maureen got her hair cut.

Wednesday July 13, 2001

Maureen worked at the Mitchell Nursing Home. It is a small home, with a nice
☑family feel☑ to it.

Thursday July 14, 2011

Did some more work on the deck. It is really looking good!

Friday July 15, 2011

Maureen worked again in Mitchell ☑ this time at the Ritz. This home is much larger and easier to get lost in.

Sunday July 17, 2011

Mike took the sons and grandsons to Grand Bend to see the drag races.

They had a great time but came back hot and thirsty.

The grandsons enjoyed a cool dip in the pool before they headed back home.

Week of July 18th

This week was exceptionally hot and humid, especially Thursday, where the thermometer went above 40 Celsius. Fortunately we have air conditioning in the rig and Maureen worked inside for 3 days, so it was not too unbearable.

Saturday July 23, 2011

We left Percy with Bob and took a ride to Mississauga to see Scott and family or the weekend. It was still very hot, but the pool helped us to keep cool.

Diana made great veggies and the boys cooked lamb chops on the grill ☑ wonderful!

Sunday July 24, 2011

The girls went shopping while the boys tinkered with Scott's new motor bike.

Then we had lunch

After a Stratford Lions committee meeting in the evening, we made it home again where Percy and Bob were anxiously waiting for us.

Monday July 25, 2011

Maureen and Mike represented the Lions at a Communities in Bloom luncheon at Stratford City Hall.

The judges were a bit behind schedule, but that allowed more time to talk to people before we ate.

Here the judges talk with some of the workers who tend to the fabulous gardens in the city.

Friday July 29, 2011

Put the last finishing touches on the deck ☑ so it is officially completed. Quite a bit bigger than we had originally planned, but it is sure is great to have a level spot to sit and enjoy this wonderful campsite.

Saturday July 30, 2011

Neighbours joined us in the afternoon to christen the new deck. It was a pretty day ☑ a bit on the hot side, but the beer, wine and the breeze kept us comfortable.

Avery was visiting her grandparents. She sure is cute!

After supper I surprised Mike with a Birthday Cake.

We all sang and Bob made a toast to Mike's health and long being.

Then we had a campfire and enjoyed the evening until almost midnight.

Sunday July 31, 2011

Happy Birthday Mike!
