We packed up and left Goshen. Mike had another opportunity to try out the new Levelups

Friday October 15, 2010

We slept in a little bit today to make up for the previous three days of early risings.

Had a good drive south through Indiana and arrived at New Palestine about 4 p.m. where we were warmly greeted by our friends Randy and Eileen who are also Suite owners.

The main reason for visiting them was to reunite their Beagle Maggie with Percy.

The dogs were excited to see each other again but Maggie did not seem too impressed with Percy's new side-kick, Indee.

It did not take long to set up in the driveway and Randy was quite impressed with the new Level Ups. Vickie and Steve, who are owners of a Montana Fifth Wheel (SOBs) came over and we all went out to dinner at a fabulous Mexican Restaurant that used to be a bank. The bar is in the old safe and they make great pitchers of Margaritas.

Saturday October 16, 2010

Mike and Randy headed off for a quick nine holes of golf while Eileen and Maureen took Indee for grooming at Pet Smart. Indee came out smelling like a rose and looking like a teddy bear.

In the afternoon Randy made a campfire in the backyard and some of their friends joined us. We were all entertained by the three dogs, who chased each other around until they were all exhausted.

Eileen made a fabulous beef and veggie soup and everyone else brought appetizers and breads to compliment the soup.

Sunday October 17, 201

Our □ Suite□ friends from Indianapolis, Barry and Vicki came for a visit in the afternoon.

The dogs played and played in the back yard. Indee fell asleep with a toy in the sunshine.

Monday October 18, 2010

After saying our farewells to our hosts, we headed west at 9 am. In the early afternoon we passed through St. Louis.

By 4 pm we pulled into Meramac State Park in Missouri and picked out a lovely site along the river.

Indee had great fun playing in the leaves.

After dinner we had a stroll through the park which was mostly empty.

Tuesday, October 19, 2010

Up early and on our way to Branson.

Good thing there was a warning beside the tree.

A 12' 6" clearance on the 300 year old burl Oak.

As we got closer to Branson, the Osark Mountains made for interesting driving - nothing flat!

Getting into our campsite was a bit tricky - very few level spots, but with the use of the new levelups and some “ blocking” we settled in.

We went out for dinner and then headed for our first show - the Texas Tenors. Three young men from Texas, trained as classical singers - can they sing!

We did a bit of wandering before the show - Branson is like an upscale Niagara Falls - and bigger.

Putt Putt Anyone?

There are over 100 different shows to choose from, and the Titanic too!
